INDEPENDENT AUDITORS' REPORT

TO THE BOARD OF DIRECTORS OF TRANSGLOBAL CAPITAL CORPORATION

We have audited the accompanying balance sheets of Transglobal Capital Corporation as of December 31, 2001 and 2000, and the related statements of operations, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based upon our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Transglobal Capital Corporation as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

TRANSGLOBAL CAPITAL CORPORATION NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Transglobal Capital Corporation (the "Company"), is registered with the Securities and Exchange Commission ("SEC") as a fully disclosed broker-dealer in securities under the Securities Exchange Act of 1934, and in connection with these activities, holds no funds or securities for customers. The Company has an office located in Woodland Hills, California. All transactions are executed and cleared with a clearing broker-dealer on a fully disclosed basis, and accordingly, the Company is exempt from the provisions of Rule 15c-3 under subparagraph (k)(2)(b).

The Company is a wholly owned subsidiary of Spectrum Equities, LLC ("Spectrum").

These financial statements include only the activity of the unconsolidated subsidiary, Transglobal Capital Corporation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Security Transactions

As a fully disclosed broker-dealer, customers' securities transactions are recorded through the clearing broker-dealer on a settlement date basis with related commission income and expenses recorded by the Company on a trade date basis. Securities transactions of the Company are recorded on a trade date basis. Investment banking income is included in revenue and is recorded at the time the transaction is completed and the income is reasonably determined.

Marketable Securities

Marketable securities are valued at market value. The resulting difference between cost and market value is included in other income in the accompanying income statement. At December 31, 2001, marketable securities are "marked to the market" and the resulting unrealized gain or loss is recorded on the statement of operations as other income. Marketable securities consist of corporate stocks.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Marketable securities held as inventories of the Company on its own trading account are included as an operating activity in the statement of cash flows.

Depreciation and Amortization

Property and equipment is stated at cost and is depreciated using the straight-line method over their estimated useful lives.

TRANSGLOBAL CAPITAL CORPORATION NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value of Financial Instruments

The carrying value of the Company's current asset and current liabilities approximates their fair value due to the relatively short maturity of these instruments.

Concentration of Credit Risk

The Company places its cash in what it believes to be credit-worthy financial institutions. However, cash balances exceeded FDIC insured levels at various times during the year.

Long-Lived Assets

SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of" requires that long-lived assets and certain identifiable intangibles to be held and used or disposed of by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company has adopted this statement and determined that no impairment loss need be recognized for applicable assets of operations.

Income Taxes

The Company adopted the Statement of Financial Accounting Standards (SFAS) No. 109, "Accounting for Income Taxes". This statement requires deferred income taxes to reflect the future tax consequences of differences between the tax basis of assets and liabilities and their financial reporting amounts, including net operating loss carryforwards.

Comprehensive Income

SFAS No. 130, "Reporting Comprehensive Income" establishes standards for the reporting and display of comprehensive income and its components in the financial statements. As of December 31, 2001, the Company has no items that represent comprehensive income, therefore, has not included a schedule of comprehensive income in the accompanying financial statements.

NOTE 2 - ACCOUNTS RECEIVABLE

As of December 31, 2001 and 2000, accounts receivable represents commissions earned, but not received, on investment banking transactions totaling \$0.00 and \$20,000, respectively.

NOTE 3 - RELATED PARTY TRANSACTIONS

As of December 31, 2001 and 2000, the Company has a receivable from an officer totaling \$996 and \$9,000 respectively. This receivable is due upon demand.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000

NOTE 4 - INVESTMENTS IN MARKETABLE SECURITIES

During the years ended December 31, 1999 and 1998, the Company received shares of a company's common stock ("restricted GTC stock") relating to an investment banking transaction.

During the year ended December 31, 2000, the Company:

- a) sold 263,000 shares of the restricted GTC stock upon conversion into unrestricted GTC stock leaving the Company 295,325 shares of restricted stock; and
- b) converted 41,675 shares of restricted GTC stock into unrestricted common stock.

During the year ended December 31, 2001, the Company:

- a) sold the remaining 295,325 shares of restricted GTC stock upon conversion into unrestricted common stock; and 41,150 of unrestricted GTC stock.
- b) Received 375,000 shares of a company's common stock ("restricted HEI stock") valued at \$153,750 or \$.41 per share relating to an investment banking transaction. As of December 31, 2001, these 375,000 shares were valued at \$.04 per share or \$15,000.

As of December 31, 2001 and 2000, marketable securities were as follows:

	Decer	mber 31,
	2001	2000
Restricted GTC stock (0 and 295,325 shares)	\$ -	\$ 73,831

		<u>\$ 371,655</u>

Rent expense charged to operations amounted to \$74,332 for the year ended December 31, 2001.

NOTE 9 - NET CAPITAL REQUIREMENTS

As a registered broker-dealer, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital.

TRANSGLOBAL CAPITAL CORPORATION NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2001 AND 2000

NOTE 9 - NET CAPITAL REQUIREMENTS (Continued)

As of December 31, 2001, the Company had net capital of \$36,943 which, was \$31,943 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.22 to 1 at December 31, 2001.

As of December 31, 2000, the Company had net capital deficiency of \$10,570, which was \$15,570 deficient of its required net capital of \$5,000. The Company's net capital ratio was (1.38) to 1 at December 31, 2000.

NOTE 10 - OFF BALANCE SHEET RISKS

As discussed in Note 1, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers of the Company, and is responsible for execution, collection and payment of funds, receipts and delivery of securities relative to customers' transaction. Off balance sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker-dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and to ensure that customer transactions are executed properly by the clearing broker-dealer.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION

TO THE BOARD OF DIRECTORS OF TRANSGLOBAL CAPITAL CORPORATION

In planning and performing our audit of the financial statements and supplemental schedules of Transglobal Capital Corporation for the years ended December 31, 2001 and 2000, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debts) and net capital under Rule 17a-3(a),(11), and for determining compliance with the exemptive provision of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. making quarterly securities examinations, counts, verifications, and comparisons;
- 2. recordation of differences required by rule 17a-13; and
- 3. complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System;

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION

TO THE BOARD OF DIRECTORS OF TRANSGLOBAL CAPITAL CORPORATION

In planning and performing our audit of the financial statements and supplemental schedules of Transglobal Capital Corporation for the years ended December 31, 2001 and 2000, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debts) and net capital under Rule 17a-3(a),(11), and for determining compliance with the exemptive provision of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. making quarterly securities examinations, counts, verifications, and comparisons;
- 2. recordation of differences required by rule 17a-13; and
- 3. complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System;

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions, or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001 and 2000, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than the specified parties.
